

Welcome!

We want to take this opportunity to welcome you to our fine family of patients, and to thank you for choosing our office to care for your dental needs. We will strive to do everything possible to provide you with the best care and the highest quality of service available. Before we get started, we'd like to share with you our approach to service.

Preventive dentistry is our goal for every patient. It involves daily care, good nutrition, and periodic check-ups and cleanings that maintain good dental health already achieved.

Preventive dentistry may not be where we start with every patient, but it's where we like to finish. Our wish is for you to keep all your teeth for all your life.

It is vital that you keep scheduled appointments and arrive on time. If an event absolutely requires a cancellation, please give our office 48 hours notice. This time is set aside especially for you and without sufficient notice it creates a significant void in our schedule which someone else could have used.

All minors (under age 18) must be accompanied by a parent or guardian at each dental appointment unless prior arrangements have been made with our Office Manager.

Always let us know if you have a question regarding your care and treatment. If you are truly pleased with your service, remember the greatest compliment any of our patients could ever give us is to refer a friend or family member to our practice.

Once again, WELCOME! We do hope that your visits to our office will always be as pleasant as possible.

Thank you,

Dr. Simpson and the Team

I have read and understand the Patient Welcome.
